Chief,

Please find attached a copy of our Business Portfolio and a standard contract. As we discussed, all our contracts are time and materials. So anything that the municipality does (obtaining properties, baiting, etc.) saves money directly. We do not add overhead to our expenses, we directly transfer costs. I will provide a budget for site evaluation, travel time, and removal efforts with affiliated costs (hotel, food, vehicle costs, bait, misc.).

Best regards,

Tony
