Subject: Comment on DEIS for Cay. Heig. deer rem. plan

Dear Mayor Supron,

I am writing to submit my comments on the DEIS for your proposed deer remediation plan (please go to cayugadeer.org to access them). I believe the DEIS you prepared is deeply flawed and does not stand up to ethical and scientific scrutiny.

I consider your proposed deer remediation plan unreasonable and barbarous, and I am embarrassed to be associated with it in any way as a resident of the Village. I truly hope that you will reconsider it.

Yours sincerely,
Stephen Wagner
